

Designed to be taken twice daily, Jen Fe Full Life One is a liquid power shot that works with your biochemistry. Each two-ounce serving provides a rapid release of essential vitamins, minerals and antioxidants, plus ingredients like Svetol, Citrin K, Panax Ginseng and Resveratrol. These ingredients work synergistically to provide support in five areas: energy, cognitive function, immune function, anti-stress and weight management. The result is a natural, sustained energy increase and enhanced alertness without crashes or unpleasant side effects.

- **Natural organic energy Increase**
- **Increase weight control**
- **Enhance alertness**
- **Reduce free radicals**
