

The Jen Fe™ patches are an extraordinary, easy-to-use, self-adhesive weight management aid that slowly releases into the skin to gently stimulate the body. It safely helps to increase energy levels and maintain a healthy weight.

High-performance dermal technology delivers an all-natural blend of plant extracts herbs and other carefully selected ingredients to your body in a gentle, steady stream. With this added boost your body will set the stage for healthy weight reduction and management, muscle retention and increased energy – without dangerous or uncomfortable side effects.

The Jen Fe Next Patch formula features a blend of ForsLean, Guarana, ChromeMate® and Cosmoperine®. It provides ideal support for minimal to moderate changes.

- **Ideal for maintenance to moderate changes**
- **Increase energy**

## Ingredients:

### ForsLean®

- Mobilizes fat and stimulates the body safely and without negative side-effects
- Restores a youthful, fat burning metabolic rate

### ChromeMate®

- Boosts energy production
- Promotes fat-burning
- Optimizes the metabolism
- Keeps appetite in check

### Guarana

- Aids in the metabolism of fat as energy
- Boosts attention, alertness, and energy
- Dampens appetite
- Rich source of epicatechin and proanthocyanidins

### Cosmoperine®

- Enhances nutrient transport within the skin
- Increased delivery and patch performance without irritation
